

# Critical Illness

## EMPLOYEE GUIDE

**This guide is designed to help you understand the cover we offer.**

It tells you what is covered, the circumstances in which we'll pay benefit and any exclusions that apply. It does not give the full terms and conditions of the cover – these are contained in the policy document issued to your employer as they are the policyholder.

We do not offer advice on the suitability of the product for your individual circumstances. We provide information only for you to make an informed decision on how the policy meets your individual circumstances.

### The cover

Critical illness cover pays a tax free lump sum benefit if you, your spouse/partner or your child are:

- Diagnosed with a defined medical condition or undergo, or where applicable are placed on a waiting list for, one of the listed surgical procedures; and
- Survive for at least 14 days

#### Please note:

- For benefit to be payable the illness or operation must meet the definition in the policy conditions
- The policy definitions can be found in the policy document and in the Conditions Covered and Exclusions Glossary available from your employer
- The full list of illnesses and operations covered is given in the “What is covered?” section of this guide

### Who can be covered?

**You** can choose cover if you are eligible to join the policy under your employers flexible benefit arrangement.

**Your children** are automatically covered for the same conditions as you, **and a number of children's specific critical illnesses**, from birth until their 18th birthday (or 21st birthday if they are in full time education). By children we mean natural, legally adopted and step children or a child who is financially dependent on you.

## How much is the lump sum payment?

You decide how much cover you want by choosing from the options available through your employers flexible benefit arrangement. We call these options flex steps and details of the amounts are available from your employer.

The maximum cover levels are:

**Your cover -**

**Your children** are covered for 25% of your benefit up to a maximum of £25,000 per child.

## When does the cover start?

You will normally have the opportunity to join the policy on a fixed date each year or shortly after you start to work for your employer. Your employer will be able to provide you with details.

## When does cover stop?

**Your cover will stop:**

- When you reach the cover cease age for the policy; or
- If you no longer meet the eligibility conditions for cover set by your employer; or
- If you no longer work for your employer; or
- If you choose to de-select this cover under your employer's flexible benefit arrangement; or
- If your employer stops the policy

**Cover for your spouse/partner and children will end at the same time your cover stops or earlier if:**

- Your spouse/partner reaches the cover cease age or your de-select the cover
- Your child no longer meets the definition of a child

## How much does the cover cost?

All contributions will be paid to us centrally by your employer.

We work out the premiums based on your age at the start of each policy year and the amount of cover you select. As you get older you will move into a different premium age band and the cost of your cover will usually increase.

We usually review the premium rates every two years and they may increase.

## When will benefit be paid?

**Benefit will be paid if you, your spouse/partner or your child are:**

- Diagnosed with an illness or undergo, or where applicable are placed on an official waiting list for, an operation covered under the policy; and
- Survive for at least 14 days; and
- The illness or operation meets the definition in the policy conditions

## What is not covered?

**Pre-existing and related conditions exclusions apply to all cover under this policy. By all cover we mean:**

- All increases in benefit

**The pre-existing and related conditions exclusions mean that if, before the cover started you, your spouse/partner or child:**

- Suffered from one of the illnesses or underwent an operation covered by the policy you will not be able to claim for a recurrence of that condition or certain other conditions
- Had been treated for, received advice or were aware of a condition that is related to a covered illness or operation you will not be able to make a claim for that illness or operation. Some related conditions are disregarded once the cover has been in place for two years

### **Children's cover:**

No benefit will be paid in respect of a child if symptoms first arose or the underlying condition was first diagnosed before the member joined the policy.

No benefit will be paid for any subsequent critical illness event related to a child-specific critical illness for which benefit has been paid.

### **In addition:**

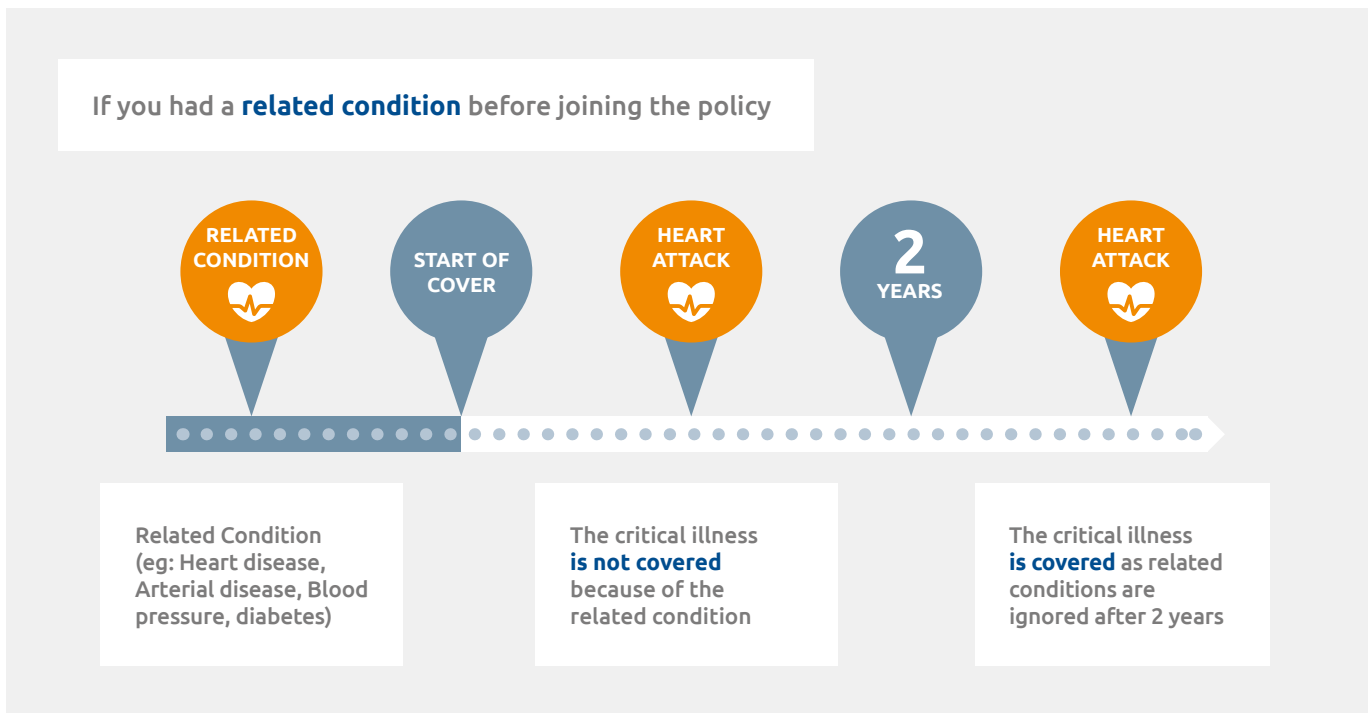

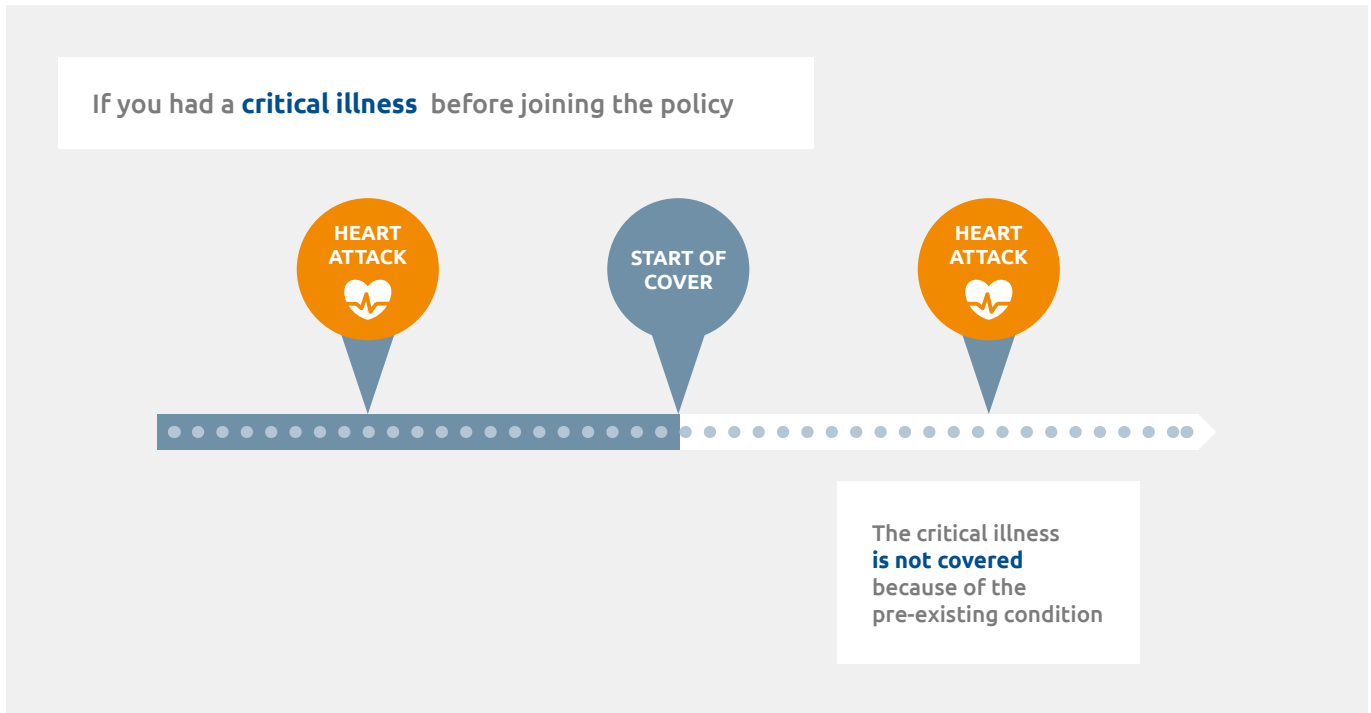

- Once we have accepted a claim for an illness or operation, you will not be able to make any further claims for that condition or certain other conditions
- We will not pay benefit for any illness or operation where, within the two months before cover started you, your spouse/partner or child were undergoing medical investigations which led to the later diagnosis of the covered condition

### **Please note that:**

- The above information on the pre-existing and related conditions exclusions is only a guide to the exclusions
- The full pre-existing and related conditions exclusions wording can be found in the policy document and in the Conditions Covered and Exclusions Glossary available from your employer
